Social Media Channel Tags & URLs: _____

Contact Person: _____ Title: _____

Contact Email: _____ Phone #: _____

ORGANIZATIONAL BACKGROUND

Your organization’s mission: _____

Describe your organization’s primary programs and services: _____

What are the geographic and demographics of the population you serve? _____

Years in Operation: _____ Annual Budget: _____ Size of staff: _____

What are the greatest challenges your organization faces? _____

PROJECT INFORMATION

Ideally, we’d like to work with your organization for both the hands-on project and strategic initiative. This will give you the opportunity to access two different groups of leaders in two different ways – ultimately providing a bigger impact to your organization. We encourage you to consider applying for both.

Briefly describe the space enhancement/reorganization/improvement needs/ideas to be implemented.

Examples: add seating and front desk to lobby/waiting area, clean up and rebuild memorial garden, better utilize multipurpose room

Briefly describe the strategic initiatives or challenge areas that you need addressing and ideas.

Examples: increase funding opportunities, raise brand awareness, an annual signature event

NOTE: *If selected as a finalist, we may contact you for an in-person conversation and site visit to learn more about your project ideas. Someone from your organization will need to be available to attend the first and last classes of each series – current confirmed dates are Sept. 23, Oct. 6 & Oct. 21. The first session will include a presentation by your organization about your mission, community impact and needs. More information will be provided when a grant recipient is selected. Applications are due by Aug. 31, 2020. To submit your completed applications or inquire further: Tamara Godfrey - tgodfrey@mysuccesslab.com.*
